## JULY 2017

### WHAT INSPIRED US THIS MONTH?

*Elena Pandeva – Elena started her Level 2 Beauty with us, I remember struggling to understand her sometimes as English is her second language. Elena then progressed to Level 3 Massage. Every tutor that has taught Elena has always been inspired by her appearance, her high standards in ALL her work and how hard she tries. She is now working in Debut Salon as an apprentice completing her Level 3 Nails. All the tutors agree we love to see Elena's happy, professional face in the mornings. Elena works very hard at all she does and has overcome her language barrier. The ladies downstairs always praise Elena and Elena's clients love her and look forward to their treatments. Keep up the good work Elena.*

**GET TO KNOW YOUR TUTOR – Charlotte Hughes:**

Charlotte went to college at age 17 to complete her Level 2 and Level 3 Beauty. Charlotte volunteered herself for work experience in a Salon in Southend, once she completed her Level 2 she started getting paid by the salon she was volunteering in. Charlotte went on to compete in the World Skills Competition, which she loved and had a fantastic experience.

Once Charlotte completed her Level 3 she got a job in London at a salon specialising in Laser hair removal, IPL in pigmentation and thread veins. Charlotte, alongside her salon, did a lot of product and treatment launches for the Instyle Magazine. Charlotte did a facial on a reporter for The Health Magazine who then wrote an article about her and the treatment. Char has also performed a facial on Jessica Michibata, Jenson Butler's ex-wife, and this was recorded. Char's other claim to fame is selling products to Kylie Minogue, who loves Carrot Butler Cleanser, from the Organic Pharmacy.

Charlotte fell pregnant with her first child and when Amara was 4 months old, she returned to college to complete her Teachers Training Qualification. Charlotte rented a room in a salon in Southend while doing her training and work experience at South Essex College. Once Charlotte completed PTTLs she progressed to the Level 5 DTTLs which was another 2 years. While still volunteering at South Essex College Char enquired about volunteering with us at Debut, obviously we said yes! After a few month's we offered Charlotte a job. Charlotte has not stopped there, she has completed her Assessors, Lycon, and Make-up, working towards her IQA. Charlotte has reached her Grade 1 in many observations and is now Deputy Head of Teaching and Learning. Charlotte runs her own CET's class and is planning on completing her Level 5 Business Management and Coaching qualification's next.

### SUGATA MITRA

An **AMAZING** man that has worked with under privileged children and inspired the movie 'Slumdog Millionaire'

This man started off with **ONE** computer and took the world by storm with his research. Children were learning to use a computer not able to speak English or have any assistance, this was a fantastic discovery that still surprises the experts!
